DEDICATION

The Seniors of 1959 have chosen their "Echoes" to be dedicated to Mr. Carl O. Lenz.

Mr. Lenz retired from teaching in the Spring of 1958 after giving approximately 25 to 30 years of service to York School. He left behind him an appreciation for music which will never be forgotten at York School.

Good Luck to you always.

Board of Education

As the pirate ship Y.H.S. sails the Sea of Knowledge in search of the "Isle of Know," many things befall the crew. The roughness and calmness of the sea are weathered by the crew which is our Board of Education. Our memories of the eventful voyage will long be remembered.

Class Prophecy

I've just decided to go around the world in eighty days. Would you like to come along? Let's go--up, up, up, in my balloon. Oh! It's so refreshing up here.

ZOOM!--What was that?!! Watch out, here it comes again! Oh, it's one of those crazy stunt pilots! He's coming so close I can see him--excuse me, I mean her. Why, I can't believe my eyes, it's my old classmate from '59, Pat Hayward. Well, I must say, her flying is pretty good these days.

Now to settle back down to more peace and quiet. Oh, I see a nice little place below, it looks like "Jolly Old England." I think I'll go down and look around. Say, it looks like a parade of some sort. Hmm! Must be celebrating something. Here it comes now! And who should be leading it with his prize winning cow but Leon Moyer. Following behind Leon and his prize cow are Norman Rife and his newly invented tractor the "McNorman." Quite a genius, this boy! I guess this is two more of my classmates that have hit fame. Now it is time to leave England.

On we go to Spain. At last here we are: Spain--the land of the famous bull fights. Speaking of bull fights, I shall have to see one while I'm here. What better time is there than now? Bravo! Here comes the bull fighter! Oh, no, I can't believe it!! That bull fighter is another graduate of '59, LaMar Keegan, and to think he was always so quiet and shy!

After that excitement, I think it's time to go to France. Hmm! Here we are at the Bonjour Airport. Wow, look at all the planes! There's an airplane that seems to be empty. I'll just knock at the door to be sure. Oh, the stewardess! Gee, she sure looks familiar. I think I'll ask her name. Why, of course, Sandy Treece, another of the York '59ers. This is really great of her to show me around.

Well, I don't know about you but after all that, I'm hungry. I think I'll go to the airport restaurant. "Oh, Miss, I'd like--why, Diane Anstead!" Can you imagine that, she's managing this little sidewalk cafe and she's even learned to speak French!

Off again, and to good old Germany. I don't think I'll land at an airport this time! My, Germany is beautiful and listen to that beautiful music! I wonder where it's coming from. It must be from that house over there. There's a sign in front of the house, let's see, "Professor Wiedle!" I know that name sounds familiar! Let's go in. Why of course, another classmate, Jeanne Wiedle. She finally mastered the left hand in piano! I guess I've talked to her long enough, so here I go again.

Next stop--enchanting India. Here's a good place to land! Looks like a mission over there. Why it is, and look who's preaching to the natives--Mabel Johnson. Here she is just like she said she'd be on our graduation day in '59.

Class Prophecy (con't.)

Time to move along. This time it's for Australia. Certainly plenty of flat places to land my balloon here. What crazy kangaroos--did I say kangaroos? Who are those crazy people chasing them? Oh, oh, they see me and here they come. Why, it's Dr. Max Corzine and his nurse Miss Susan Folk. They tell me they're performing an experiment in finding out why kangaroos jump. Well, I've had enough of this!

While I'm here in Australia, I may as well see the Olympics. Say, who's that star high-jumper? Why, of course, it's Dick Brandal, star athlete and also another graduate of York School, 1959.

Once more it's time to move on. Up, up, up, in my balloon again. For days I've waited and finally I see before me beautiful Hawaii. Down I go to see the sights. There's the Royal Hawaiian Hotel. And look who the stars are that are playing there--The Triads! I know I've heard of them before because it's Carol Sue Andrews, Ellen Trusdle and Ruth Woleslagel. I always knew they'd go places.

As much as I hate to, I find I must leave Hawaii and try for the good old U.S.A. Below me now is California. I guess I may as well land and see how things are coming. Gee, look at that sharp uniform that girl is wearing! Why it's Bonnie Fry! She tells me she joined the Bams (Women's Marine Corp) and has designed their new uniform. It's black and red and real sharp!

Time to travel on. Look there's Iowa! I think I'll land and see how the corn is waving. My, what a beautiful farm! I wonder who's it is. Well, wouldn't you know it! There's Emma K. Keegan and her husband and all their children. Plenty of farm hands!

After chatting a while, I find my eighty days are nearly up. So once more I must depart. Next stop--Philadelphia. I've always wanted to see Bandstand in person. So now is the time. And guess who's the guest star! Gary Richmond, the Rock and Roll King. And man you should see him dance. Real cool, man!

Last stop on my glorious trip is Florida. I wonder if anything has happened in the way of reaching the moon yet. Here's the rocket launching base at Cape Canaveral. The head scientist here is a woman and the head mathematician is a man and just guess who they are!! None other than Janice Roberts and Roger Orwig! They are waiting for the count down now!--3, 2, 1, 0!! Happy landing!!

Well, that ends my tour of the world and I'm glad it ended when it did. I've seen all my old classmates, and I'm glad of that too, but I've also got a leak in my balloon-----Psssssssss!

Class History

We, the Class of 1959, entered the halls of York Hi as 21 fearless Freshmen in September, 1955. Though we did feel a bit insignificant, we were anxiously awaiting the many adventures of the next four years. Our class election resulted with Kenny Morgan, president; Janice Roberts, vice-president; Ellen Trusdle, secretary; Ruth Woleslagel, treasurer; and Susan Folk, student council representative. To boost the school spirit we sold York Panthers pennants and beanies.

Next September found us sophomores rarin' ta go. The list of social activities included various parties and the "January Snow Jump." Rapping the gavel was Roger Orwig with Jeanne Wiedle waiting her turn in case of emergency. Leon Moyer collected the dues and dough while Janice Roberts kept the records. Ruth Woleslagel defended us in student council.

Our Junior year was filled with new and exciting experiences. Thrilled were we when our long-awaited class rings arrived.
During basketball games or the noon hour we could be found selling our delicious candy. In December, after many riotous rehearsals, the curtain descended on "Belles In Waiting" under Mrs. Zimmerman's directing. On Prom night we dined and danced in the romantic atmosphere of an old southern plantation. Heading us was Max Corzine with Pat Hayward close by. Pushing the pencil again was Janice Roberts. Roger Orwig, with the help of Carol Sue Andrews, kept the moldy millions. It took two that year to relate our brainstorms to the student council and they were Jeanne Wiedle and Dick Brandal.

This year we take our place on the top rung as 19 Sophisticated Seniors. Max Corzine and Janice Roberts keep their positions as president and secretary. Roger Orwig takes over for Max occasionally and Ruth Woleslagel is left holding the bag. Dick Brandal and Pat Hayward voice our two bits to the student council. As we roll up our sleeves and dig into the work and fun, we see in our future such things as taking Senior pictures, ordering invitations and name cards, presenting our play, enjoying the Prom, and traveling into the wide unknown on our trip, just to mention a few. Then comes GRADUATION. As we make sure that our caps and gowns are just right and march to the platform soon to become high-school alumni, we realize that this is the time for which we have been laboring for the past 12 years. But it will be with reluctance that we leave the halls of York Hi to make our mark in the world.

York High School became a member of the National Honor Society in 1936. It is an organization that is nation wide and being elected to membership in this society is the highest honor that any High School can bestow. The members are elected for outstanding qualities in Scholarship, Character, Leadership, and Service.

The candidates must have a scholarship mark of rank in the upper third of their class. From this upper third, not more than fifteen percent can be elected to membership by the High School Faculty.

It is now the custom in the county to induct 10% of the Junior Class in the National Honor Society each year.
